

**CITY OF ALISO VIEJO  
MEMBER OF THE CITY COUNCIL**

**KARL P. WARKOMSKI**

**AGE: 36**

**OCCUPATION:** Incumbent/Businessman

3-1/2 years ago, we created the City of Aliso Viejo. We elected a balanced council made up of diverse talents to shepherd the City through its first years. Despite challenging fiscal constraints created by a dysfunctional State Legislature, the Council was able to deliver on the promise of Cityhood by enhancing police services and gaining control over local planning issues and local tax dollars.

The voyage is not complete. In order to maintain the continuity of care, we must once again elect a council that represents the entire community. A unified Council will continue to improve our quality of life by ensuring that our recreation and aesthetic standards are kept high, and by requiring true benefits for the entire community from all future development projects.

My focus as Councilmember will continue to be a pedestrian corridor to the beach, the Town Center expansion with vibrant public-friendly uses, a clean environment, and development restrictions in adjacent wilderness areas. Policies in our new general plan - disaster preparedness, energy and water security, and regional cooperation — demonstrate Aliso Viejo's value in South Orange County. I am honored for the opportunity to continue my service to the residents of Aliso Viejo.
